Silk Painting Stretcher Frames

Functional & Economical

• It's easy to stretch large squares up to a maximum size of 114 x 114 cm / 45 x 45 inches.

Arty's finally designed a versatile, durable intelligent and inexpensive silk painting stretcher frame system! Made of hard, strong plastic which can be simply wiped clean after use. It allows maximum and continuously adjustable tension. Works with hemmed or unhemmed fabrics. Comes with a nylon storage/carrying case.

The system is made of 4 plastic bars with clever corner connectors that allow for size adjustments. The bars are riddled with holes into which fit special pegs. The suspension hooks are attached to the pegs with or without rubber bands as needed. The peg/hooks are included with the frames and extra hooks are available.

The Basic Stretcher System:

Takes fabric up to 37" on a side.

Includes 24 Claw Hooks.

The Small Stretcher System:

Takes fabric up to 22" on a side.

Includes 16 Claw Hooks.

The Extension Stretcher for Basic System:

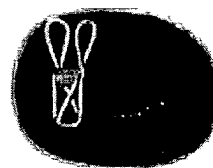

Adds on to the Basic System to make it take

fabric up to 45" on a side or 18" x 77". Only works in conjunction with the Basic System.
Includes 12 Claw Hooks.

Floor Stand for Basic or Small Stretcher Systems:

Holds either the **Basic or Small Systems**.

Lightweight aluminum swivels, tilts, height adjusts for use at many angles. Stores vertically against a wall with fabric still stretched. Folds up compact. Comes with nylon storage bag.

Claw Hooks:

Package of 24 extra suspension peg/claw hooks for above stretcher systems.

Super Product!
